

Creating an Ouriginal Account

By default, for users who have not logged in, submissions from University of Toronto students are anonymized in Ouriginal. In order to be able to see which student has submitted a particular document, you will need to create an Ouriginal account and log into Ouriginal.

1. Before you can create an Ouriginal account, you must have created an Ouriginal Assignment in Quercus. If you have not created an Ouriginal Assignment before, you can quickly create a dummy Assignment using the [steps on this page here](#). When you have created the Assignment and saved it, you will be able to create an account. You can delete this Assignment after you create your account.
2. Go to an active Ouriginal Assignment with Student submissions, and access Speedgrader.
3. In Speedgrader, select the percentage icon next to any student document to be taken to the Ouriginal report.

Submission to view: Sep 22, 2021 at 11:20am LATE 
Day(s) 0.87

Word Count: 481 words

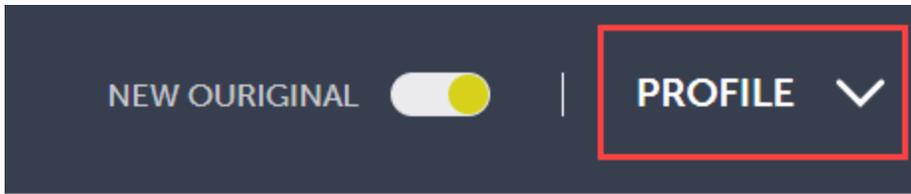

Submitted Files: (click to load)

100%   

Assessment

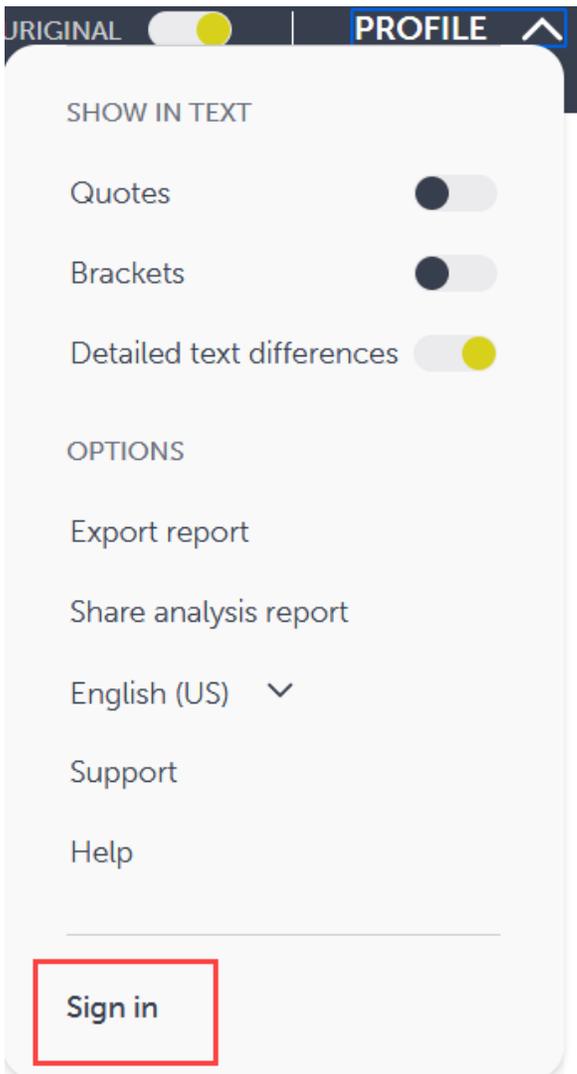

Grade (/ 0)

4. The Ouriginal similarity report will open in a new tab. Select the “Profile” option in the upper right.

All changes are autosaved   

5. In the drop-down menu, select the "Sign in" option at the bottom.

- You will be taken to the Ouriginal login screen. Select the “Don't have an account? click here to register” option at the bottom.
